Better Air Control

GREATER YIELDS

- **Consistent Product Cook**
- **Recessed Air Seal Gaskets**
- **Powis Controls**
- **Dry Heat, Steam Fired, or Live Steam Cook**

ROBUST FAN

A superior fan and high powered motor means our thermal houses create consistent, even heat that beats the competition.

ENHANCED AIR

With a larger capacity, our air circulation system provides more air changes per minute for faster cycle times.

BREAKPOINT

Eliminate cold spots and product inconsistencies with our Total Breakpoint Control System, self-adjustable to meet your needs.

HEAVY DUTY

Square tubing framework and sturdier construction makes our equipment tougher than the competition.

FOOD SAFETY

Our equipment designs exceed food safety standards to protect your product.

PARTS 101

Built with standardized parts, we lower your maintenance costs, shorten downtimes and reduce long-term inventory costs.
