

GRIND & BATCH

7-PIECE LINE

INCLUDES:

1. COMBO DUMPER + POWER PACK
2. WEILER 878 GRINDER
3. INSPECTION DUMP TABLE
4. BATCHING CONVEYOR w/SCALE
5. INCLINE PIVOT CONVEYOR
6. OPERATOR CONTROLS
7. CROW'S NEST PLATFORM

OPERATION

As staged, the combo dumper deposits product onto a sloped inspection table. The table feeds the meat grinder. Then, the ground product is dropped onto the batching conveyor with load cells. From here, a second conveyor takes the product to height. Equipped with a powered drive, the incline conveyor can pivot to load multiple pieces of equipment for further processing.

FEATURES

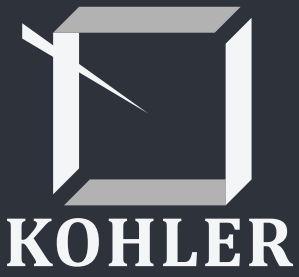

- ✓ Built new in 2022, this system served as a temporary line during a plant expansion project.
- ✓ Stainless steel fabrication, NEMA 4x enclosures, food-grade plastic belts for sanitation wash down.
- ✓ All equipment can be overseen and controlled by a single operator from the crow's nest style platform.
- ✓ Assorted spare parts included.
- ✓ Working condition, ready to ship.
